

Applications:

Deep Clean is an innovative pasty cleaning product that is mainly intended for use in combination with Hull Cleaner, Hull Cleaner Hard and/or Hull & Deck Cleaner Pro. The slightly abrasive effect of Deep Clean ensures that almost all soiling is removed from deep in the pores. Deep Clean also enhances the effect of the previously mentioned products when used in combination with Deep Clean.

Instructions for use:

1. Always **shake well** before use.
2. Apply Deep Clean with a sponge, cloth or white pad on a **wet surface**.
3. Soak the sponge, cloth or white pad in clean water or a solution of Hull Cleaner, Hull Cleaner Hard or Hull & Deck Cleaner Pro and then apply a stroke of Deep Clean to the sponge, cloth or white pad.
4. Remove the soiling in a rotating motion and **rinse well** with clean water. Ensure all residues are removed.
5. Make sure the surface is **always wet** and do not let the product **dry out!**
6. When using on stainless steel and/or when the surface has a grain structure, **always work along the surface structure in order to avoid scratches**.
7. Repeat the treatment where necessary.

Product usage:

Light to moderate soiling	Approx 100 m2 per litre
Moderate to heavy soiling	Approx 90 m2 per litre
Heavy soiling	Approx 80 m2 per litre

The above usage is indicative and should be determined by first applying to a small test area.

Considerations during application:

Always place a reference test on the to be treated surfaces in order to determine both adhesion and the technical and aesthetic result.

Specifications:

Appearance:	Paste
Color:	Grey
Scent:	Characteristic
pH:	6,5 (10%)
Degradability:	Biologically optimal
Denisty:	1,3 g/cm3

Hazard symbols and H & P statements (CLP):

GHS07
Warning
