

Stain Remover

Technical Data Sheet

Applications:

Stain Remover is a powerful oxidising cleaning agent for removal of ingrained dirt and weather stains from all kinds of exterior fabrics. Restores the original colour. Ideal for use on sails, vinyl, boat cushions, boat covers, sprayhoods and sail covers. Stain Remover has a bleaching effect.

If in doubt, test on an inconspicuous piece of external fabric before use. To prevent possible discolouration of other materials, seal these parts watertight.

Instructions for use:

1. Protect surfaces that cannot be treated.
2. Wear suitable protective clothing, such as rubber gloves and safety goggles when using the product. Ensure sufficient ventilation. Do not eat, drink or smoke during use.
3. Always shake the bottle before use.
4. Spray the product directly onto the surface to be cleaned and allow to act for five to ten minutes.
5. Then remove the fouling in circular movements using a wet, soft hand brush.
6. Then rinse the surface with abundant water. Repeat the application if necessary.

Product usage:

Light to moderate soiling	Approx. 10 m ² per litre
Moderate to heavy soiling	Approx. 8 m ² per litre
Heavy soiling	Approx. 5 m ² per litre

The above usage is indicative and should be determined by first applying to a small test area.

Considerations during application:

Always place a reference test on the to be treated surfaces in order to determine both adhesion and the technical and aesthetic result.

Specifications:

Appearance:	Liquid
Color:	Colorless to pale yellow / greenish
Scent:	Characteristic
pH:	13 (10%)
Denisty:	1,07 g/cm ³

Hazard symbols and H & P statements (CLP):

GHS07
Warning
